EXCERPTS FROM THE "DEED OF TRUST"

"... they shall be instructed in the several branches of a sound education, agriculture, horticulture, gardening, such mechanical trades and handicrafts as the Managers may determine, and such natural and physical sciences and practical mathematics as in the opinion of the Managers it may be important for them to acquire."

"The school shall be non-sectarian, but the moral and religious training of the scholars shall be properly looked after and cared for by the Managers. Each scholar shall be taught to speak the truth at all times, and each and every scholar shall be thoroughly trained to habits of economy and industry."

These Men Administer Our Legacy

Our Board

Arthur R. Whiteman

We are indeed fortunate to have the Board of Managers to administer our heritage and guide the advancement and growth of our school. It is this distinguished group that determines our school's major policies and innovations and handles our financial affairs. Constantly striving for improvement, they have our interests and welfare foremost in all their decisions. To make these decisions they must use all their resourcefulness and foresight. Their judgement and experience direct our progress. We are grateful to these men for their unselfish and valuable service to Milton Hershey School.

of Managers

Most of the eleven managers knew Milton S. Hershey personally. This first-hand knowledge of our founder is a tremendous asset in accurately and efficiently carrying out the noble desires of our honored philanthropist. These gentlemen meet as a body at regularly scheduled intervals in addition to the many meetings which are necessitated by unexpected situations and problems. They continue to use the example set by our founder, the original Chairman of the Board. Today the members of the Board include Chairman James E. Bobb, Dr. John O. Hershey, Dr. Samuel F. Hinkle, Harold S. Mohler, Theodore R. Banks, John S. Baum, William E. Dearden, Joseph S. Gumpher, Kenneth V. Hatt. William E. Schiller, and Arthur R. Whiteman.

DR. JOHN O. HERSHEY, PRESIDENT

Members of the Class of 1964 are now ending their years of learning and close personal contacts at Milton Hershey School. I share the pride of the entire school staff in what they have achieved for themselves and in what they have contributed to the life of the school. As these graduates leave us, I say to them -- be your best self, strive to remember that everything you do and say will reflect not only upon this school but also upon yourself, your family, and your country. With such a code you will achieve personal success, undergird the strength of our nation, and fulfill the divine requirements of men as designed by our Creator. The future is bright because you will make it so. Our best wishes go with you.

John O Hershey

Milton Hershey's President

Dr. Hershey discusses history of the school with Senior George Delany.

Dr. and Mrs. Hershey say good night to Kenneth Carrick and William Bigelow following an evening's entertainment at the Homestead.

The Milton Hershey School family joins me in congratulating the members of the Class of 1964. This is a class that has demonstrated excellence in all areas of our school's life. Their Commencement leaves many gaps to be filled. Thus, there is no lack of opportunity for the underclassmen as they look to the future. Those who profit most from their years at Milton Hershey School are those young men who prepare themselves to accept responsibility -- those who are willing to risk failure in order to achieve success. Look toward tomorrow; there is magic in having a goal. Now is the time to decide where you are going. Be willing to pay the price of service and the future will be yours to command.

Dr. Rudisill congratulates Richard Trees and Perry Dawson on their induction into the National Honor Society.

Ably Assisted by

Melvin H. Garner, Director of Secondary Education

As Director of Secondary Education, Melvin H. Garner has the responsibility of supervising the necessary supplies and equipment for better, more effective teaching. In fulfilling these duties, he must keep abreast of the latest in teaching methods and supplies, and must closely supervise our faculty and curricula. Often his job involves assisting students with problems during their junior-senior high school years. It is largely through his efforts that a sound education program is assured for Milton Hershey School.

Mr. William A. Hoover, Director of Elementary Education, is coordinator of the many functions of the Junior School. Mr. Hoover has helped many of our young boys grasp the fundamentals needed to solve their problems in adjusting to our school. Working closely with the faculty and houseparents, he prepares these boys for further education on the Hill, indirectly helping them through their beginning years by laying the foundation for what they will be tomorrow. His duties include supervision of curricula at the Memorial School and the advancement of the elementary school pupils.

William A. Hoover, Director of Elementary Education

William R. Fisher, Assistant Director of Secondary Education

Providing valuable service in the educational division of our school is our Assistant Director of Secondary Education who shoulders much of the detail associated with the smooth operation of our school system. In conjunction with Dr. Rudisill and Mr. Garner, William R. Fisher assists with plans for summer school and helps with the writing of the Educational Division Handbook. His responsibilities include periodic reports regarding compilation of marking period results, and numerous rosters concerning pupil personnel. Orientation of new teachers, classroom visitations, and student counseling are also among his services.

STUDENT HOME DIVISION — **First Row:** Mr. Lloyd Morgan, Mr. Joseph Brechbill, Mr. William Hoover, Mr. M. Nelson Durand. **Second Row:** Mr. Jacob Klinedinst, Mr. Alfred Gibble.

Supervision of student home life rests on the shoulders of the six staff members pictured above. Among their responsibilities are the hiring and training of houseparents, providing for family style living, planning for vacation trips and for year round recreational programs, and counseling boys on becoming mature, self-disciplined individuals.

Members of the Student Personnel Staff, under the directorship of Mr. Rodney McLaughlin, are involved in many facets of a student's life. All phases of the enrollment and termination process, and the steps necessary to help a student adjust while making full use of his abilities and opportunities are functions of this department.

STUDENT PERSONNEL STAFF-First Row: Mr. Richard Johnson, Mr. Rodney McLauglin, Mrs. Barbara Haas, Mr. Charles Newcomer, **Second Row:** Mr. William Culp, Mr. Grant Custer.

Supervised and Coordinate

BUSINESS DIVISION- John M. Aichele, Business Coordinator, and Clyde F. Ebersole, Comptroller, confer.

These Special Services

The Business Division has had added responsibilities because of the extensive building program. More than a dozen Senior Division homes have been remodeled, and as many new ones started. In addition to the five new and twelve remodeled Junior Division homes, twenty-five new Intermediate homes have been built, and the Supply Center has been expanded.

The school maintains complete medical facilities under the direction of Dr. Claude L. Light. These include a ten-bed clinic on the Hill, a clinic on the Memorial Campus, and a twenty-bed infirmary in a wing of the Hershey hospital. Specialists from the outside are readily avallable.

SICK CALL- Nurses Ruth M. Essig and Lois Lutz check a patient.

SUPPLY CENTER- Howard Baum and James Albrite scan plan of the new building to be completed this year.

MEDICAL STAFF- Nurses Eleanor F. Wood, Ruth M. Essig, and Lois Lutz join Dr. Claude F. Light, Medical Director, in reviewing a case.

STUDENT PLACEMENT, PUBLIC and FAMILY RELATIONS—Seated: Mr. Gene R. Layser. Assistant Director of Student Placement and Mr. Hali Giessler, Director of Family-School Relations. **Standing:** Mr. Thural V. Brehm, Administrative Assistant and Mr. Frederick D. Miller, Director of Student Placement.

When this year's seniors graduate, they will be looking forward to college or working in their chosen trade. To help these students along their way is the purpose of the school's Student Placement Department. Working out of this office. Mr. Fredrick D. Miller and Mr. Gene Layser assure each boy a start in today's society. The personnel of the Student Placement office arrange for College board tests, help with college applications, and assist the boys in securing employment.

Care of the teeth is extremely important to any growing boy. To provide the best care for the Milton Hershey School family, a well-equipped, well-staffed Dental Clinic is located in the high school. Dental check-ups are given to the boys whenever they are needed. X-rays are used when necessary for thorough examinations. Teeth containing cavities are given proper treatment. If braces are required in order to straighten teeth, they are fitted in to place by the skilled hands of our orthodontist. Of course, students must do their part in caring for their teeth by brushing regularly.

KEEP YOUR SMILE—The entire Dental Staff of the school is dedicated to the task.

TEETH TELL—Dr. James C. Mahoney and Dr. E. C. Schaeffer help tell a pleasing story.

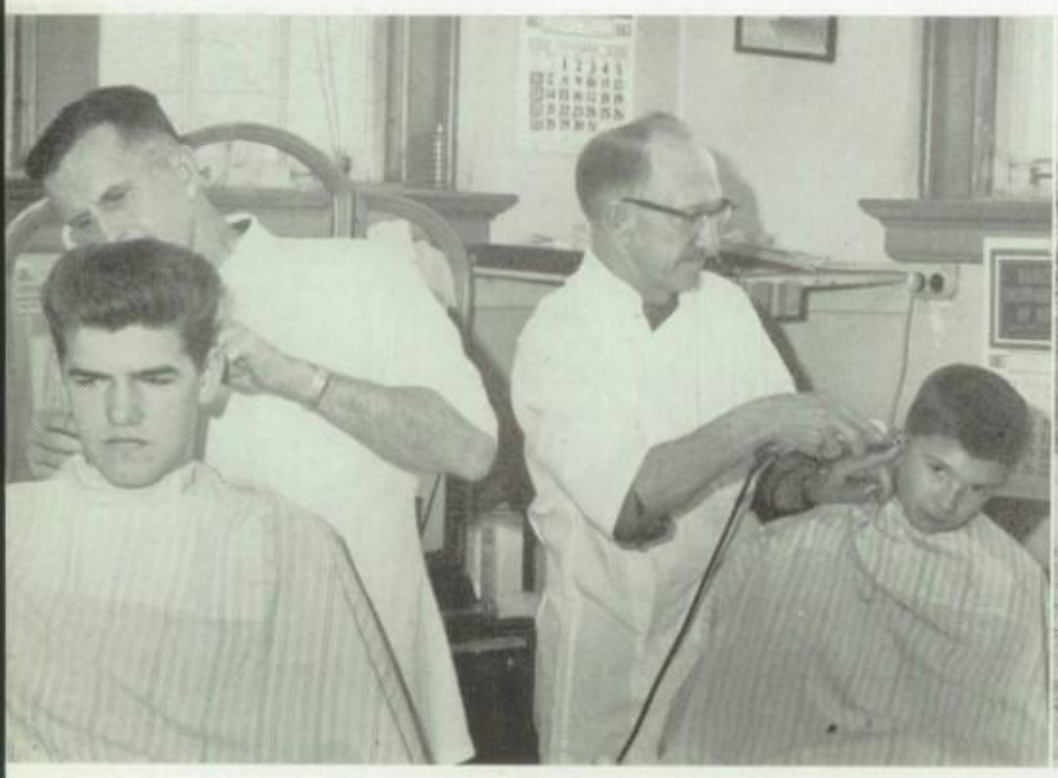
LINE UP—Mrs. Betty Abel, Dental Hygenist assists Dr. John Cooper, Orthodontist.

SECRETARIAL STAFF-First Row: Mrs. Betty Dunwoody, Miss Lois Brown, Mrs. Avis Kerchner, Mrs. Marion Freed, Mrs. Martha Allwein, Miss Lois M. Bretz. **Second Row:** Mrs Elva Nye, Miss Bert Wagman, Mrs. Mary Plouse, Mrs. Teresa Funghi, Mrs. Marian Markley, Mrs Helen Warrington, Mrs. Betty Filepas.

Combine to Provide a

Taking care of the school's secretarial needs is a competent secretarial staff who perform their jobs quickly and efficiently. Without this staff, Milton Hershey School could not function. Here is a select group of ladies who handle many varied aspects of school business, from taking care of invoices to typing the daily and weekly bulletins. The members of the staff are ably assisted by students in the business course.

Essential for students whose appetites are sharp and whose desire for good grooming is always present are the services of the meal truck drivers and the barbers. These drivers brave all kinds of weather to deliver to the far-flung student homes the main meal of the day. The school barbers see to it that every boy's hair is cut neatly to insure a good appearance.



THAT TRIM LOOK—Barbers Adam Beam and Allen Zook trim the hair of students W. Bigelow and J. Rohrbaugh.

MEALS ON WHEELS—Eight meal buses deliver hot meals to school dining hall and to student homes.

DINING HALL STAFF — Assisted by Mr. Wilmer Cave, meal truck driver, four of the fourteen ladies who serve on the dining hall staff are pictured above: Mrs. Hellen Hollinger, Mrs. Annie Conrad, Mrs. Violet Smith, and Mrs. Cecelina Cutman.

Healthy, Comfortable, Efficient School

The responsibilities of preparing and serving the many meals for our boys are handled by Mrs. George Kluck and Miss Dorothy Early respectively. A staff of fifteen people assists Miss Early with the chores involved in serving the hungry men in our dining hall. The students are divided into groups of fourteen or sixteen at a table with a faculty member serving as host of each table and a member of the senior class as assistant host.

A staff of six day men and two night men under the supervision of Mr. Henry Long is responsible for the cleanliness of our school. Each summer all classrooms and corridors, all shops and offices, as well as dining hall, gymnasium, swimming pool and auditorium are thoroughly cleaned. Thousands of visitors annually comment favorably on our school. We can be justly proud of the beauty of its classic architecture, its landscaping, and the breath-taking view from Pat's Hill.

SCHOOL'S OUT— Students await transportation to their various homes.

CUSTODIAL STAFF — Messrs. Henry Long, Supervisor, Ralph Brill, Lloyde Keller, Galen Wolfersberger, George Landis, James Smith, and George Snyder.

REMEDIAL INSTRUCTION

INDIVIDUAL COUNSELING

From kindergarten through high school and on into junior college, the benevolence of Milton S. Hershey has provided us with opportunities for an education in our chosen profession or trade. Mr. Hershey has given us unlimited resources with which to achieve our desired goals in life. Whether we obtain these goals or not remains our choice and task.

The Hershey Story:

Test patterns and vocational guidance assist each boy while in the ninth grade in making his choice for the future. Through the efforts of the vocational guidance counselor, every boy chooses his curriculum. Guided tours are arranged so that the ninth graders have a chance to see the various shops before they make their final selection.

MODERN CLASSROOMS

SMALL CLASSES

Modern classrooms, visual aids, a language laboratory, remedial instruction, small classes, and experienced teachers are provided for all stages of instruction. Co-ordinated with a properly-planned program of study, these provide effective methods for the educational development of students at Milton Hershey School as they prepare for the years ahead.

Trained Minds and Hands

Milton Hershey School offers two college preparatory courses: Liberal Arts and Technical. The Business Course is available for students so inclined. Vocational training encompasses the following choices: Auto Mechanics, Agriculture, Baking, Candy Making, Food Preparation, Carpentry, Electricity, Electronics, Machine Shop Practice, Printing, Plumbing and Heating, Sheet Metal and Welding.

Sound

Honesty and integrity of the highest order are encouraged by organizations such as the School Bank and the Spartan Chapter of the National Honor Society. The School Bank provides students of the business curriculum with a chance to learn differential banking methods and other business practice such as totaling the interests on the boys' bank accounts. Serving in the bank also provides fine training for pursuing banking careers after school or college. The Spartan Chapter of the National Honor Society upholds the Society's principles of scholarship, character, leadership, and service in every phase of our school life. Membership in the National Honor Society also greatly enhances the personal record of those seeking recommmendations for college entrance or other careers in business and industry.

Each month a boy who is chosen by his teachers as scholar of the month gets full use of reference books and a write-up in the SPARTAN.

Junior, Intermediate, and Senior Division Scholarship trophies are given to the homes having the highest percent of boys on the honor roll throughout the school year.

SALUTE TO OLD GLORY— J. Henderson, M. Brunner F. Zauder, T. Urbanavage, V. Fatiga M. Kuhn.

Character

The annual awarding of the Spartan sweater to all students who are worthy encourages the development of exceptionally good traits in the students who participate in the various activities of the school. In addition, students obtain various other awards through their merits and determination. Through hard work they can win a varsity sweater for sports participation or the coveted "Varsity H" for two years service in varsity extra-curricular activity. For those who attain the highest scholastic averages and who are consistantly on the Distinguished Honor Roll or Honor Roll, there is a trip to some large city or to some tourist attraction. Upon graduation, there are special awards given to selected members of the senior class and, to those who meet the necessary requirements, scholarships and college-aid grants are presented.

The honor Valedictorian goes to the Senior who has maintained the highest average in his class. The Salutatorian award goes to the senior ranking second in class average. Finally, each senior who has met the requirements is awarded his most cherished possessions—his diploma.

They Served

The Senior Senate is an important part of student government at the school. The Senate strives to achieve better relations between students and the administration by promoting projects and activities which serve the best interests of both the boys and the school. One of the projects developed out of this active assembly is a student exchange program making possible a forum in which local student representatives may meet to discuss their mutual community problems. This year the Senior Senate began a parent-student handbook. This publication will be informal in form, complete with cartoons, and written in the language of a teenager. It will explain in detail the entire student home-school program to parents and new students so that they may gain a more complete knowledge of the regulations which govern the school. This year the Senate also brought into being a relaxed-time program. Its purpose is to develop more positive attitudes toward the chore program by providing a break in the regular weekend routine at stated intervals. The century old game of curling was publicized by the Student Senate Publicity Committee. As a result of the interest aroused, curling will become one of our major interscholastic sports next year. An interhome basketball league was formed by the Senate. League winners received trophies; the school champions will be awarded a major trophy, which will remain in their possession so long as they retain the championship. The Senior Senate officers were Matthew Kline, president; George Delany, vice-president; Daniel Confer, secretary; David Law, treasurer; and Robert Blair, chaplain. The Senates advisor is Mr. Joseph Brechbill.

SENATE LEADERSHIP—D. Confer, Secretary; R. Blair, Chaplain; M. Kline, President; Mr. Joseph Brechbill, adviser; and G. Delany, vice-president.

Our School

Increased activity has made the Spartan Chapter of the National Honor Society a popular organization in the school. The Honor Society strives to encourage loyalty to our school, as well as high standards of scholarship, character, leadership, and service. The Intermediate Student Senate is an important part of our intermediate school. The Senate presents ideas to the administration for consideration while its members prepare for leadership in the Senior Senate. The adviser is Mr. M. Nelson Durand.

Scouting Develops Mind and Body

The purpose of scouting is to aid in developing boys into mature young men. The movement strives to impart a sense of civic duty through community service. Through outdoor activities, Scouting promotes physical development and offers invaluable training in workmanship. Boys in their later teens find Explorer groups more suited to their needs. Camp Milton, the scout camp, has been extensively modernized.

Highlights this year were the Fall Roundup and summer camp. Richard Stamm '63 received the coveted Eagle Award. The Baden Powell Patrol took part in a conservation project. The scouts have elected Thomas Gilliss to represent them next summer at the National Boy Scout Jamboree. The adult advisers have been Mr. Stambaugh, Mr. Yottey, Mr. Searer, Mr. Reitz, Mr. Kavalecs, and Mr. Klinger.

Cheerleaders Fostered School Spirit

Under their captain, Robert Blair, and their adviser, Mr. Virgil Alexander, our Varsity Cheerleaders have enthusiastically supported all our athletic teams. Using active imaginations and properties from chariots to pigeons, our cheerleaders have constantly been at work initiating and maintaining school spirit. Hard work and enthusiasm have truly made our cheerleaders a group of which we can be proud.

With their collegiate style they earned the respect of audiences throughout the area. They are always seeking new ideas and originate much of their material. Working to improve, they have introduced new songs and revised the ones from previous years. Their skits have contributed toward improving school spirit. Members of this squad are chosen on the basis of enthusiam and leadership ability.

Football Games, Parades, and

Throughout the football season, our Senior High School Band has consistently provided spirited entertainment at both home and away games. During the year our band also participated in several area contests and parades. Early in the season came the Ephrata Parade and the Olmstead Air Force Base Band Competition. Later they took part in Hershey's traditional Halloween Parade. In commemoration of Hershey's sixtieth anniversary, eleven area bands paraded through the streets of town and provided colorful entertainments of our Home-coming game. All this was very successfully planned by our band director, Mr. Ray B. Miller. Highlighting the year's activity, the band traveled to Washington, D.C., to take part in the gay Cherry Blossom Festival. The fifty-member junior high band, under the direction of Mr. Miller, gains musical experience and prepares for membership in the Varsity band. Student leaders of the Varsity Band were James Brezovec, drum major; David Law, president; Claude Figgs, secretary; and Albert Wilson, manager. David Ebersberger, the librarian, with Larry Shreiner, his assistant, organized the music.

A ONE AND A TWO—Ray B. Miller, Band Director, brings out the best in practice.

Under the leadership of Student Drill Sergeant, Jack Dumbald, and the faculty adviser, Mr. Gerald Long, the Varsity Drill Team and Color Guard have paraded their way once more to the acclaim and respect of many area audiences. With snappy, disciplined routines and sharp appearance they have accented football halftime shows throughout the season. Along with our Varsity Band they have participated in numerous marching contests.

HARD AT WORK — Constant practice has produced an outstanding band.

The Spartans Were Always Popular

Residing together this year at student home Long Lane, the "16 Spartans" have been able to devote an increased amount of time toward meeting the traditionally fine standards of their organization. Under the direction of Mr. W. Purnell Payne and student leader, Robert Swegart, they have developed into one of the outstanding groups in this area, honored to appear at the Youth Festival held in Harrisburg. In addition to providing music for several school dances and bringing the big-band sound to our school's social functions, the Orchestra has accepted numerous invitations to local engagements. The increased member interest and participation that Mr. Payne has used to such good advantage this year is likely to remain with the Spartans, and, as the October SPARTAN remarked concerning the grouping of the orchestra into their new student home, "This could be the start of something big."

Early Training Began in The Choirs

Contributing their voices to our Sunday Worship Services and participating in many festivities throughout the school and town, the Memorial School Choir had an active season under the directon of Miss Lynette Waller. The choir, composed of boys ranging from third to fifth grade, offers the boys of the Junior Division an opportunity to develop their singing skills and to prepare themselves for possible membership in the other choirs of our school. It is the purpose of this organization to increase in these boys an appreciation for music and to teach them the fundamentals of choral singing.

The Glee Club Brought Credit to Our School

"KNOW YOUR SCORE," says Mr. Virgil Alexander to Don Singer, manager and George Delany, president.

Long called our "Singing Ambassadors," the Glee Club again toured throughout the state, representing our school before enthusiastic audiences in churches, schools, and community groups. A repertoire that is flexible enough for this variety of groups ranges from religious music to "soft shoe" routines. A full first-semister schedule was highlighted by an appearance at the birthday of our former President, Dwight D. Eisenhower. Later in the year the group completed another tour through the western part of the state, having given more than 50 performances by the year's end.

"I WANT A GIRL," sings this quintet, doing one of the novelties of the Glee Club.

"I FEEL A SONG COMING ON"- probably one of the typical folk songs for which this group is famous.

Their Contrubutions Were Invaluable

Perhaps the greatest single contribution of the Glee Club is the public image which they create for us. Through their appearances every year the group brings before more than 35,000 people, often of very prominent organizations, the name and frequently the story of Milton Hershey School. They represent us well while gaining distinction as one of the state's outstanding high school choral groups. For the honor of membership as well as the valuable training and social experience, this is one of our most eagerly-sought activities. The Glee Club is responsible for much school spirit and pride, thus rendering a great service to our school. Mr. Virgil Alexander, Director, has also been in charge of planning the school assembly programs presented during the year.

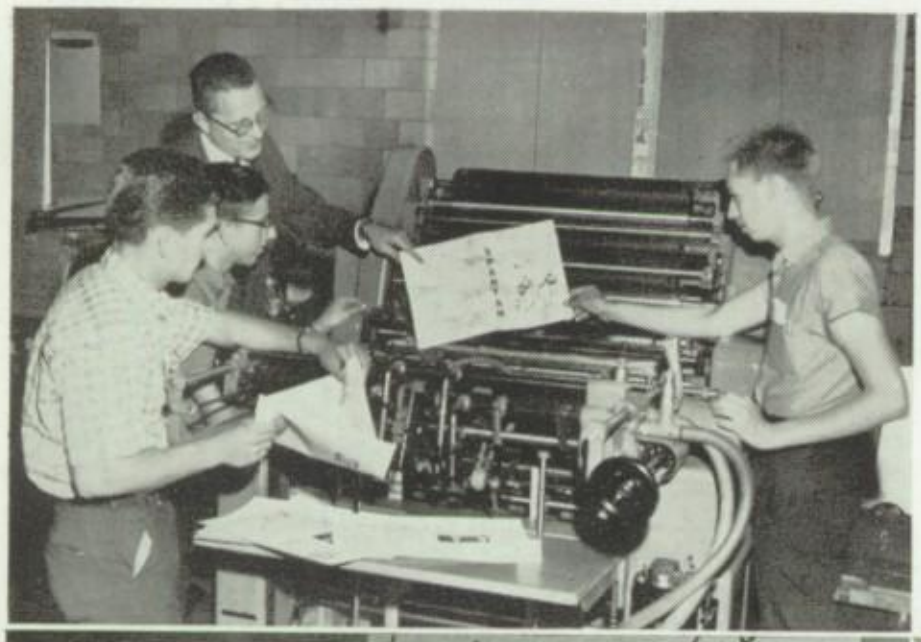
"FOR IMMEDIATE RELEASE"- a standard instruction to student press assistants, Simon Struzerri and Steve Koltenback.

"CHECK UP"- Student guides review instructions with Mr. Alexander, who directs this schools service.

THE SPARTAN CHIEFS- Editor-in-chief Ernest Corson and Mr. Robert V. Hanle, Adviser, examine the finished product.

This year's SPARTAN was a change from those of years past. Instead of reporting primarily news items, the new SPARTAN was based mainly on student compositions and various items of lasting interest. More student enthusiasm and participation was designed to be a part of this year's series of monthly publications. Students were encouraged to compete with others to have their pieces of writing printed in the magazine. Messages from the Administration, Faculty, and Home Life Staff helped to guide students toward the improvement of their scholastic life. Many old features were retained and new ones, such as SPARTAN Profiles and SPARTAN Sportsman, were added. Popularity of the magazine was improved by a series of publicity campaigns, which were initiated with a well-received assembly program presented by the staff of this year's SPARTAN.

The Spartan Taught the Value of News



Reporters of this year's staff were Van Dickey, Vince Dickey, Stuart Miller, Roy Samras, Frederick Zauderer, Larry Varon, Richard White, Donley Mitchell, David Law, David Katz, Richard Brown, Larry Hudson, Carl Glass, J. Ronald Smith, and William Climenhaga.

This year's ACROPOLIS has assumed a different style from those of past years. Instead of a formal, page-by-page annual, this year's ACROPOLIS takes the style of an informal, running narrative. A combination of narrative and newspaper-type headlines lead a continuing story. Many photographs help to tell the story of the past year at Milton Hershey School. Life in Milton Hershey School is well documented, as is the history of the institution, from its foundation to its present status. Because the writers were not content with having lists of organizations and their members' photographs, the meaning, purpose, and achievements also became apart of the annual.

PLANNING ATTACK- Coaches Lester Holstein, Anthony Colistra, Fred Poorman, Robert Klingler, and John Hoerner prepare for the season ahead.

Under head football coach Mr. Robert Klingler, assisted by Mr. Fred Poorman, our Spartans displayed truly fine football. Runners like Purcell, Dunlop. Riggin and Kline, along with receivers Van Nort and Hanawalt, provided the fans with many thrills. A solid defense brought much respect from opposing clubs. Marked improvement throughout the season reflected the spirit of the team. Coach Klingler can look forward to a bright season next year with experienced personnel returning to the lineup.

JV's Lost 6, Won 1, Tied 1

Building for future fine Varsity teams is the main reason for having a Junior Varsity group. Here the boys gain the necessary experience and learn the fundamentals of the sport. Our J. V. team represented us well this season. Throughout four quarters of each game our men played aggressive football. Our thanks goes to Mr. John Hoerner and Mr. Anthony Colistra for a coaching job well done.

A new addition to the football program at M. H. S. is the ninth grade football team, coached by Mr. Lester Holstein. As an outstanding defensive club, they made great strides while posting a 3-3-1 record. Standouts were H. Sandoe, E. Field, J. Duffy, W. Vessa, A. Parrish, and P. Wiker. Our sincere thanks goes to this team and their coach for an excellent job.

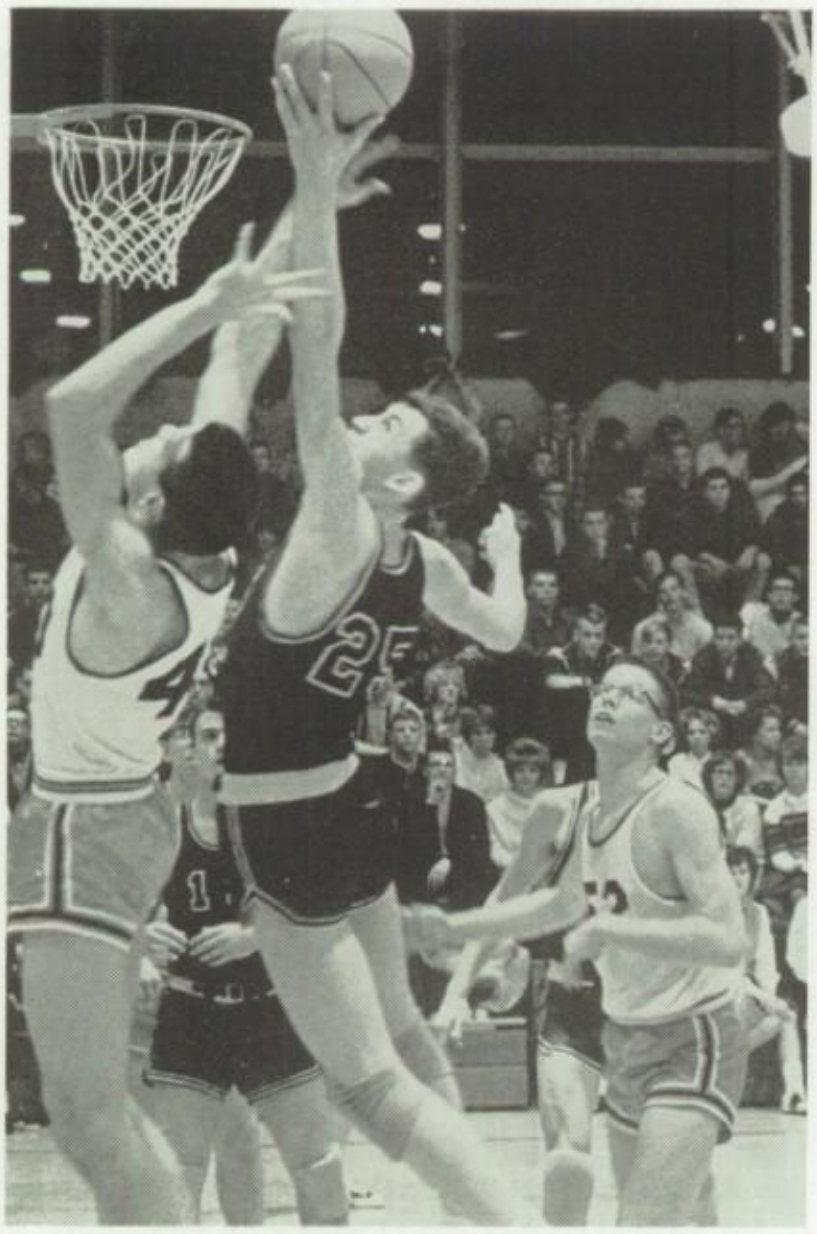
Basketeers Displayed



REBOUND- John McMillen takes control of the boards in the Palmyra game.

Milton Hershey School supported its best basketball season in many years during the 1964 season. This year's team completed the season with a 13-7-0 record and a 10-4-0 record in Captial Area Conference. The bulk of the weight of carrying the team fell upon the shoulders of Milt Purcell, the team captain; Scott Ruch, the Capital Area League's scoring champion; and John McMillen, the only sophomore on the club.

The greatest thrill of the season came during the first half when the Spartans proved their worth by downing Middletown, a team that had won forty-five consecutive league encounters. The game ended with the scoreboard reading 38-36. It turned out to be the closest contest of the campaign. The game was forced into overtime when Milt Purcell hit for two points in the final seconds to tie the game. The final payoff came when, in the last six seconds of the overtime period, Scott Ruch, the game's top scorer, hit on a jump shot to give Milton Hershey the verdict.

This year's team showed tremendous spirit and teamwork. They were a scrappy outfit that hustled and ran their opponents to defeat. Speed was probably their number one asset, but the ability to shoot, rebound, and steal the ball helped to make a successful season.

CAPABLE COACHES- Junior Varsity coach Robert Klingler, Varsity coach John Cook, and Junior High coach Matthew Belicic pose for the Acropolis.

Bob Thompson helped the team considerably by doing a fine job on the boards. Mike O'Neill, a promising junior, displayed fine defensive work and good ball control. Scott Ruch smashed the Milton Hershey School's scoring record when he tallied 41 points in the Susquehanna Township game. Stu Miller, Jim Dunlop, Bob Chronister, and Clark Hazlett all proved to be fine replacements when the need occured.

"Give Credit where credit is due" must apply to the 1964 Junior Varsity team and to Mr. Robert Klingler for the high degree of excellence he obtained in coaching our Junior Varsity basketball team to a championship record of 18-2-0 and a 14-0-0 record for Captial Area Conference encounters. Walter Kuronyi lead the Junior Varsity hoopsters in scoring and ball stealing. His performance was notable for tight ball control and quick thinking. James Hanawalt did a remarkable job in scoring and rebounding. These boys, along with Bob Dunlop, Glen Andrews, and Ken Sharp, proved themselves superior to almost every team they met. They used a variety of speed, hustle and teamwork. Being a relatively short team our Varsity understudies had to depend on speed to score the majority of their victories.

This year's team was our first in many years to go undefeated in league competition. These boys have reason to be proud, since they have represented our school very well and added lustre to the name of Milton Hershey School.

Swimming at Milton Hershey School is a sport which must be reconized as one of the roughest and most grueling of them all. Our swimmers not only face the athlete's usual problem, but also some of the roughest competition in Pennsylvania. The Spartans are to be highly commended on the fine job which they have done in the waters of this area while representing Milton Hershey School. Our tankman managed two victories for the season, but they proved to be rough competition for much of their opposition. Dave Sevilla represented us well as our captain and high scorer. He broke his record many times in the 100-yard butterfly and 200-yard individual medley. Doug Zembower, a freshmen, is a potential diving star. Seniors doing a fine job for this year's team were Bob Blair, Charles Kiser, Dennis Gilroy and Harry Chalmers. Our sincere thanks and appreciation go to the 1964 swimming team for the commendable job they have done.

Spartan Wrestlers Have

The Milton Hershey School wrestling effort took on a new appearance when Mr. Andrew Kovach retired from coaching the sport at the close of last year's season. Coach Kovach said that he felt a good replacement was worthy of all the good fortune that he himself obtained from wrestling. As the only coach in the history of the sport at MHS, Mr. Kovach compiled an enviable record of 140 - 16 - 4.

COACHES CONFER- Assistant Coach Ray Faidley and Head Coach Don Whitman discuss a problem

Chosen to succeed Mr. Kovack was Donald Witman, who had assisted Coach Kovach for four years as the J.V. coach, and who during this period, had never coached a losing team. This year he again proved his worth by compiling a 9-3-0 record in a tough league. Mr. Witman's advancement to the Varsity left an opening for an assistant to coach the J.V. team. The man selected for the job was Mr. Raymond Faidley, who was a fine wrestler at Bedford High School. He too has proven to be a capable mentor as he posted a 9-3-0 record, good enough for a second place finish in the league. The Varsity season started with a building program necessitated by the loss of many fine wrestlers from lasts year's squad. Don Goodworth and Dan Confer were elected senior co-captains. They proved themselves worthy of the honor by compiling impressive records of 10-1-1 and 7-2-0 respectively. Confer was sidelined for three matches with an injured shoulder, but came back to make a strong finish. Among other Spartans who did a fine job were Wally Confer, John McCauley, Dohren Jones, and Matt Kline. John Waggett and Walley Confer were the top pinners, while Don Goodworth proved to be the top scorer. These boys were consistent winners and they pulled through regularly when necessary. John Mc Cauley, a senior, was the only undefeated league wrestler.

EFFICIENT CO-CAPTAINS- Don Goodworth and Dan Confer watch wrestlers Frank Fatiga and John Swegart demonstrate their skills.

The thrill of the season came when our wrestling Spartans entered the Independent College Prep Schools and Academies Wrestling Tournament at Lehigh University. They brought back a second place with two champions—Don Goodworth and Matt Kline. Second place winners were John McCauley, Dan Confer, and Mort Christian. Don Goodworth was named outstanding wrestler of the tournament.

Class of 1964

In the following pages the ACROPOLIS presents the graduating class of 1964. These young men are soon to become adult members in a way of life they have spent many years preparing for. Many of them will go on to higher education, and many will enter industry or the Armed Forces; but, for them all, it is only the beginning. Milton Hershey has endeavored to give them the training and essentials of character necessary to face courageously the difficulties ahead. We feel confident that through their achievements they will always honor this school, to which they owe so much. The class of '64 was well organized and blessed with a desire to try the new and the unusual. They often dared to be different, and their accomplishments were many. Their ingenuity and originality gave that special touch to their dances and productions. The class contributed immensely toward the advancement of school spirit, and exhibited a high degree of leadership and responsibility. The class has always worked harmoniously with the administration toward the major goals of improving the school and the personal standards of the students. The year was highlighted by dances, trips to away athletic events, and visits to industry. The class diligently worked to make its Junior Prom the best ever and set an excellence for classes to come. The informal record hop at Halloween set the spirit for continued success in later ventures. The warmth and gaiety of the Christmas Dance will long be remembered. This past year the graduating class has been very ably governed by some of the most dependable, efficient, and well-rounded young men in the school. Mr. John W. Showalter has given immeasurable amounts of his time and energy, as a class adviser, toward helping the class solve many of its problems, both collective and individual. The class has gone far, and much of the credit is due to Mr. Showalter's direction and guidance. The class officers for this year were Robert Swegart, president; John Henderson, vice-president; Milton Purcell, treasurer; and George Delany, historian. The ACROPOLIS and the Milton Hershey School family wish the graduates of 1964 good fortune and prosperity in the years ahead.

Class Song

All hail to thee our school, our home.
To thee we give our praise,
For memories we'll n'er forget
Throughout our lasting days.
Those memories of times we had
And all the fun-filled days.
We're proud we're Milton Hershey men,
Whose Brown and Gold we praise.

To Milton Hershey we would give
Our thanks for all he gave.
We've profited from his success,
And will reflect this gain.
He'd wish for us to do our best
And never fail to try,
From Milton Hershey's campus green
To heights beyond the sky.

Lyrics by David J. Ebersberger and David R. Terry
Music by Albert W. Wilson III

Alma Mater

All hail to thee, Milton Hershey;
Thy loyal sons are we
To stand by thee and each other
Our pledge will ever be
Thy Brown and gold we cherish
And thy traditions dear;
Proudly we'll sing thy praises
For all the world to hear.

Then stand we firmly united
Through all the years to come
By friendship and fond memories
Of youth and school and home.
We're men of Milton Hershey
And vow to that great name
Lives filled with strength and honor
To add to Spartan fame.

Class Motto — "Nothing is achieved before it be thoroughly attempted."
—Sir Philip Sidney

Class Flower — Pink Tea Rose

Class Colors — Baby Blue and Gold

CLASS LEADERS FOR 1965 ARE: First Row (l. to r.) Jonathan Fisher, Historian; Perry Dawson, Secretary; James Wilt, Vice President; **Second Row:** J. Robert Chronister, Treasurer; Joseph Loughlin, President; and Mr. Matthew Belicic, class adviser.

Class of 1965

The Class of 1965 has left a favorable impression on "the Hill" through outstanding records in scholarship, service, conduct and leadership. Shortly after the class was organized in February, it began to move quickly ahead by electing a class adviser and class officers. In the well-organized election, Mr. Matthew Belicic, a faculty member and a housefather at Habana, was elected as class adviser. The class officers elected were Joseph Loughlin, president; James Wilt, vice-president; Perry Dawson, secretary; J. Robert Chronister, treasurer; and Jonathan Fisher, class historian.

Work was then started on the class play and Junior Prom. The class play, presented as an assembly program, was very well received as a result of the great time and effort put into it and the willing cooperation given by the class. The Junior Prom, always the climax of the year for juniors, was held on May 16. Beautiful decorations surrounded the class as they had their own "big night." The Prom ended the year on a perfect note.

The class achieved success in other areas too. The Honor Rolls were heavily laden with the names of the members of the junior class who took their scholarship seriously. They served well on the athletic teams, in the music organizations, and in other capacities as well. The class made a point of striving for the respect of others by achieving high standards of conduct and leadership and earned the respect and approval of its teachers and administrators.

The class has been unusual in its interest about being and having the best. A few members always looked for the weak points in any proposal in order to be sure it was feasible and sound. These "devil's advocates" kept ideas and solutions to problems on a very practical basis. All in all, the class has been blessed with competent guidance and a firm and level-headed manner of reaching solutions.

This year has made the Class of 1965 men who know where they are going and what they must do when they get there. They are ready to accept responsibilty. This has been a good year, a productive year, an awakening year, for the Class of 1965. We hope next year will be even better, and the Class of 1965 may be the best senior class we have ever had.
